

Recommended Steps to help Protect your Information

Please Note: Minors, under the age of 18, should not have a credit history established and are under the age to secure credit. Therefore credit monitoring may not be applicable at this time. All other services provided in the membership will apply. No one is allowed to place a fraud alert on your credit report except you, please follow the instructions below to place the alert.

1. Website. Go to www.myidcare.com/securityandprotection and follow the instructions for enrollment. Once you have completed your enrollment, you will receive a welcome letter by email (or by mail if you do not provide an email address when you sign up). The welcome letter will direct you to the exclusive ID Experts' Member Website where you will find other valuable educational information.

2. Activate the credit monitoring provided as part of your membership with ID Experts, which is paid for by SHS. Credit monitoring is included in the membership, but you must personally activate it for it to be effective. Note: You must have established credit and access to a computer and the internet to use this service. If you need assistance, ID Experts will assist you.

3. Telephone. Contact ID Experts at 1-877-868-9284 to gain additional information about this event and speak with knowledgeable representatives about the appropriate steps to take to protect your credit identity.

4. Review your credit reports. We recommend that you remain vigilant by reviewing account statements and monitoring credit reports. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to www.annualcreditreport.com or call 1-877-322-8228. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months.

If you discover any suspicious items and have enrolled with ID Experts, notify them immediately by calling or by visiting their Member website and filing a theft report.

If you file a theft report with ID Experts, you will be contacted by a member of the Recovery Department who will help you determine the cause of the suspicious items. In the unlikely event that you fall victim to identity theft as a consequence of this incident, you will be assigned an ID Experts Recovery Advocate who will work on your behalf to identify, stop and reverse the damage quickly.

You should also know that you have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You can report suspected incidents of identity theft to local law enforcement or to the Attorney General.

5. Place Fraud Alerts with the three credit bureaus. You can place a fraud alert at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. The contact information for all three bureaus is provided on the front page of your letter.

It is again necessary to contact only ONE of these bureaus and use only ONE of these methods. As soon as one of the three bureaus confirms your fraud alert, the others are notified to place alerts on their records as well. You will receive confirmation letters in the mail and will then be able to order all three credit reports, free of charge, for your review.

6. Security Freeze. By placing a security freeze, someone who fraudulently acquires your personal identifying information will not be able to use that information to open new accounts or borrow money in your name. You will need to contact the three national credit reporting bureaus listed above in writing to place the freeze. Keep in mind that when you place the freeze, you will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze. The cost of placing the freeze varies by the state you live in and for each credit reporting agency. However, if you are a victim of identity theft and have filed a report with your local law enforcement agency or submitted an ID Theft Complaint Form with the Federal Trade Commission, there may be no charge to place the freeze.

7. You can obtain additional information about the steps you can take to avoid identity theft from the following. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them.
